This state-of-the-art screen system is designed for medium/big cinemas, where the highest quality is a need. Day-to-day usage demonstrates this is the best solution for cinemas up to 400 seats. It works perfectly together with the LW 6121, our 21" subwoofer system.

Ready for bi-amp operation, it is fitted with an internal processor for medium/high frequencies, which guarantees the linearity of the system.

The system is delivered with a smooth 18" bass unit and a powerful medium/high unit with a sweet 1,75" compression driver, and a superb medium 8" speaker.
