A new version of our well known LW 2001, with enhanced bass and treble sections. It is a two way screen system with inside crossover, or for biamp. 2x15" bass speaker and a new PM4 1,75" voice coil driver with external aiming device for the flat front horn. This is the basic model of our 2000 Series range. Its 1,75" drive is fitted with an external aiming device. As with the rest of our LW screen systems, models for passive mode or bi-amp system are available. To save labour costs, it is delivered pre assembled in two cartons.
